## Buran Refrigeration Dryer and DF Filter Packages\*

For compressed air & process filtration

### Buran Refrigeration Dryer (x1)

Buran Dryers are manufactured from robust, corrosive resistant materials. The dryers are equipped with a zero-loss, electronically controlled condensate drain, a dewpoint indicator and a visible operator control panel.

### DF Pre Filter (x1) + DF Post Filter (x1)

The Donaldson DF filters are designed for high quality filtration in a wide range of applications. The DF filter's flow-optimised filter design means unrivalled performance and efficiency.

#### DRYER SPECIFICATION

PACKAGE PART NUMBER	DRYER TYPE	Flow m <sup>3</sup> /hr	Flow cfm	Con BSP
UFDP1112A120	DC0050AB	50	29	1/2"
UFDP1114A120	DC0085AB	85	50	1/2"
UFDP1115A120	DC0105AB	105	62	1"
UFDP1116A120	DC0125AB	125	74	1"
UFDP1117A210	DC0150AB	150	88	1 1/4"
UFDP1119A210	DC0225AB	225	132	1 1/4"
UFDP1120A320	DC0300AB	300	177	1 1/2"
